PRINCIPAL'S MESSAGE

Dear Parents, Caregivers and Whānau,

Last Saturday's Gala was a fantastic event here at Cornerstone. We had literally hundreds of people from the wider community through our school on the day and there was a real buzz of fun and excitement and community spirit, as people wandered through our stalls, bought food and drink and watched their littlies having fun on a range of bouncy castles or tractor rides. We have yet to get to a final total for the funds raised on the day but we think that it is somewhere between 25 and 26K – which to be honest, far exceeds my expectations! I would like to take a moment to say a massive thank you to a number of people who have lived, eaten and slept the Cornerstone Gala in the past few weeks: CFG Chair, Josh Couperus, CFG Secretary, Vicki Campbell, Gala Head, Eloise Short and helpers, Tracey Knowlton, Katie Ashcroft, Laura Denharder, Laura Siegel, Anna Fletcher, Ian Groube, Natasha Casey, Sarndra Rauzi, Dalena de Vries, Rachel Hockly and Hannah Gunning. I have probably forgotten someone and I apologise in advance if this is the case!

There were also a large number of sponsors who donated generously to the Cornerstone Gala event including Bunnings, Leafland Ltd, Pioneer New World, Proarch Consultants, Palmy Venues, Green Leaf Plant Hire, Four Square Eastbrook, Higgins Poultry Farm, Knead Bakery, Anthony Co, Morgan Laurenson, Trade Aid, Dos Locos Tacos, Youm Mortgage Brokers, Revamp Here, Uncle Bills, the Discount Tyre Shop, Stewart Residential, Albie Jayne, Hoko Sushi, Obo Ltd, The Bed Barn, The Hairly Kiwi, Mortgage Express, Triumph Homes, Property Brokers, Roofing Industries, Manna Sushi, Mouthwater Coffee, Low Cost Bins, Timezone, Fonterra Ltd, Café 116, Epic Music Academy and Lion Rock Coffee. Again, apologies if I have missed someone here! Please try to support these local businesses who have helped us out here with our Gala.

Here are a few photos from the day:

Office Help Needed

From time to time if one of our Office staff are away on training or sick, we need relief staff to cover this space. While we have one supersub – Mrs Gaylene Mason-Hollier, we would love one more person we could call on when we are short. If you are interested in this paid relief position, please can you email principal@cornerstone.ac.nz with a copy of your CV.

Some Easter Thoughts

A couple of weeks ago I had a student in my office that I needed to correct. They had made some mistakes and were now having to face the consequences of their actions. They were repentant and tears were being shed as we chatted about the best pathway towards putting things right. In utter remorse this student spoke the following words. "I'm so disgusting and God must just see me as trash." To which I unthinkingly replied, "Thank God that Jesus makes God see you as not trash." It wasn't until later that evening that I realised that the only thing that was trash was my theology. With Easter coming up next week, let me try and explain what I mean:

Most of us have an instinct to associate Good Friday with the forgiveness of sins and this instinct is correct. Something did happen on Good Friday that makes the forgiveness of any and all sins possible. But how does this forgiveness actually work? The Apostle Paul says, 'Christ died for our sins in accordance with the scriptures.' But what does this mean? Did Christ's death somehow change God's mind about how He views us as His creation? Well no, because the scriptures clearly say 'I the Lord never change.' (Malachi 3:6). Thus the Cross is not where Jesus changes God's mind about us but where Jesus reveals who God really is. On Good Friday Jesus does not save us from God; Jesus reveals God as Saviour! We don't have to imagine the Son as pacifying an angry Father in order to understand Good Friday as the epicentre of forgiveness. For most of my life I have believed that on Good Friday God vented his anger by brutally killing his Son so he could finally find the wherewithal to forgive me – until the realisation came that this thinking flips John 3:16 on its head i.e. 'God so hated the world that he killed his only begotten Son'. And of course, this just isn't correct. For God so loved the world that He sent Jesus that whosoever might believe... These faulty beliefs of mine belonged in pagan religion, not in Christianity.

I made a big mistake when I basically agreed with the student in my office who viewed themselves as trash and that Jesus' death on the cross somehow makes God see them as not trash. You see the

sustainer of the cosmos who after becoming a created creature (God only becomes what God loves) offered his life as a showing of our worth. Jesus submitted himself to human violence on the cross not to appease God or make humans acceptable to God but to expose our violence and counter it with submission and forgiveness. Jesus demonstrates the worth, value and acceptance that has always been the truth about humanity and all of creation. You were 'very good' at the beginning, and you have always been beloved and very good to God. That's the good news of Easter.

Blessings,

Chris Mitchell

2023 Kiwi English, Mathematics and Science Competitions

Dear Parents and Caregivers

The University of Canterbury is offering your child the opportunity to participate in the KIWI English, Mathematics and Science competitions. These competitions take place annually and are designed by New Zealand teachers for New Zealand students based on the New Zealand Curriculum. For further information, please consult the CAM website www.canterbury.ac.nz/cam.

The competitions are open to all Year 5-10 students in English, Mathematics and Science. Students can enter in one or more subjects. Each competition will provide parents/caregivers with an individual student report of their child's overall performance. These are available through your school. The supervised online tests will take place in the last 3 weeks of Term 2 and the first week of Term 3. **The competitions are to be administered at school under exam conditions and supervised.**

All participating students will receive a certificate and a prize will be awarded to the top student nationally in each competition. If two or more students share the same top score then the prize is awarded to the student with the highest speed and accuracy.

NOTE: Our policy is **not** to release test papers. The tests are provided primarily as a competition and not as a teaching resource.

Entries are administered by the school. For further information, please consult the CAM website www.canterbury.ac.nz/cam

MidCentral Community Pharmacy Group Gastroenteritis Service

The Paediatric Gastroenteritis service for the assessment and treatment of childhood gastroenteritis (vomiting and diarrhoea) for children aged three months to 15 years continues to be available free of charge from community pharmacies within the MidCentral region, funded by Te Whatu Ora | Health New Zealand.

This service aims to and is, reducing the impact of gastroenteritis by providing early treatment and preventing dehydration in uncomplicated gastro cases, however some children may still need further medical attention.

To receive this free service, the child with gastro must be present at the pharmacy. They will be seen by the pharmacist who will collect some information in order to assess their illness and if appropriate they will provide you with the information you need and sufficient Pedialyte® to treat your child at

home. It may be helpful to call the pharmacy in advance to ensure that there is an accredited pharmacist available. Where the level of dehydration is deemed more than mild or complications are involved the child will be referred to an appropriate medical professional for further medical treatment.

MidCentral Community Pharmacy Group Conjunctivitis Service

THINK Hauora and MidCentral Community Pharmacy Group are continuing to fund the service to provide free treatment for children's conjunctivitis from a local pharmacy rather than needing to go and visit their GP. This service is for children aged 2-13 years.

Bacterial conjunctivitis is very common, particularly among young children. It can cause eyes to become red, puffy and sticky and can be very contagious. Children with bacterial conjunctivitis are recommended to stay away from school or other educational facilities to help stop the spread to other children. It can be easily treated with medicated eye drops.

Whānau can just pop into their pharmacy at a time that suits them. No appointments are needed for this service.

Has your tamariki got a sticky, puffy eye?

Bacterial Conjunctivitis is very common, particularly among younger children, and can be easily treated with eyedrops.

**You don't need to
go to your GP.**

You can get free treatment for tamariki aged 2-13 from your local participating pharmacy.

**ASK US ABOUT
IT TODAY.**

This service is funded by THINK Hauora and MidCentral Community Pharmacy Group.
